

### Long Term Care

May 2007 • Bulletin 362

# Special Update

## Provider Number Change Update

This bulletin contains provider manual updates based on Medi-Cal's advancement to use of the National Provider Identifier (NPI).

An updated *Payment Request for Long Term Care* claim form (25-1) with space for a 10-digit NPI will be available July 1, 2007. Providers are encouraged to use old stock prior to the use of new 25-1 claim forms. To order more 25-1 claim forms, call the Telephone Service Center (TSC) at 1-800-541-5555.

Beginning November 26, 2007, providers must use their NPI, and the newer version of the 25-1 when billing claims to Medi-Cal. Until then, continue to use a Medi-Cal provider number using either 25-1 version.
